The quotations should be superscribed "Quotations for Steel Rolling Shutters for the New Receiving Station, Bangalore" with the above enquiry number.

This enquiry will be closed on the 5th July 1951.

SCHEDULE.

Steel Rolling Shutters are required to cover the following openings of the above said building the sizes of which are noted in the enclosed copy of drawing No. PWP-57.

20 feet × 25 feet (Height)	...	2 Nos.
13 feet × 18 feet (Height)	...	1 No.

The shutters should satisfy the following specifications broadly. But you may quote your own type of shutters that you have specialised and in such cases, full details of construction and descriptive pamphlets should be furnished along with the tender

1. The shutters should be formed of the interlocking steel plates rolled from steel strips of adequate size. Necessary fixtures to be provided at ends to resist wear and tear while moving in the guides.

2. Necessary auxiliary parts such as barrels, brackets, gearings, hoods and guides, operating chains, etc., have to be manufactured from the tested steel according to the latest modern practices of construction and each part must function quite smoothly and efficiently.

3. The operation of shutters that is lowering and lifting should be as simple as possible through spur and chain reduction gearing the hand chain extending within 18" from the ground level. Necessary arrangements should be provided for operation on either side of the doorway.

4. Standard types of wicket doors preferably hinged type with latches and keys have to be provided for.

5. All parts of the shutter should be given with two coats of anti-corrosive paint of good quality before despatch after being packed nicely.

6. Adequate quantities of bolts and nuts and such other fixing bolts and nuts should be supplied along with six copies of each of the detailed erection drawings and such other illustration and descriptive pamphlets as are necessary for easy erection and maintenance.

7. The firm should furnish guarantee and the shutters should be guaranteed from imperfection in workmanship and material without limit as to time and the supplier shall replace free of charge any part which fails or proves faulty by reason of imperfect defects of designs, workmanship or material within one year after it is regularly put into service.

8. If shutters, are imported, tenders must be on the basis of delivering boxed for foreign shipment FOB manufacturers' home port—the name of which must be stated together with the then ruling freight and insurance rates thence to the Indian port Marmagoa or Madras. The tenders must be accompanied by specifications, illustrations and drawings in sufficient detail to determine the features of the equipment.

9. The earliest delivery time should also be stated by the tenderers.

N.B.—Prices should be quoted F.O.R. Bangalore.

No. S.P.C. 9097-9127. Please be good enough to intimate your best prices and the earliest time of delivery for the materials described in the undermentioned schedule in the form printed below.

It should be distinctly understood that the acceptance by us of your quotation will be subject to the following conditions:—

Withdrawal from the quotation after it is accepted or failure to make the supply within the specified time or according to specifications will entail cancellations of the order and purchases being made at your expense from other sources in addition to the levy of a penalty of 3 per cent of the value of the order as and by way of liquidated damages. In such an event, the Stores Purchase Committee reserve the right to remove your name from the list of approved firms.

The quotations should be superscribed "Quotations for Supply of Gun Metal Ingots to Government Electric Factory, Bangalore" with the above enquiry number.

This enquiry will be closed on the 15th July 1951.
